Habitat Management Program (HMP)

FOR OFFICE USE ONLY:

Version # _____

APP # 700535

PART 1 - ITEM 1. DETERMINE THE NEED FOR FULL FULL HABITAT MANAGEMENT PROGRAM (HMP)

All Applicants submitting Projects involving Ground Disturbing Activities are subject to HMP requirements. The HMP must cover the combined Project Area of all proposed Projects with Ground Disturbing Activities.

Applicants able to certify that none of the proposed activities listed in the Application in areas open to legal OHV Recreation contain any risk factors to special-status species and/or sensitive habitats shall submit only HMP Part 1. Applicants who cannot certify that the proposed activities listed in the Application in areas open to legal OHV Recreation do not contain any risk factors to special-status species and/or sensitive habitats shall submit HMP Parts 1 and 2.

1. Do any of your proposed projects involve Ground Disturbing Activities? (Please select Yes or No) ☐ Yes ☒ No
2. Can the Applicant certify that none of the proposed Projects with Ground Disturbing Activities in areas open to legal OHV Recreation contain any risk factors to special-status species and/or sensitive habitats? (If you checked 'Yes', you are done with HMP) (Please select Yes or No) ☐ Yes ☐ No

PART 2 - RISK ANALYSIS, MANAGEMENT PROGRAM AND REPORTING

PART 2 - Section I. Summary of HMP Changes

Has the Applicant previously submitted a HMP Part 2 that is currently in use in the proposed Project Area? (Please select Yes or No) ☐ Yes ☐ No

Soil Conservation

FOR OFFICE USE ONLY:

Version # _____

APP # 700535

A. Soil Conservation

- a. Do any of your proposed projects involve Ground Disturbing Activities? (Please select Yes or No) ☐ Yes ☒ No

B. Soil Conservation Plan

Public Review Process

FOR OFFICE USE ONLY:

Version # _____

APP # 700535

A. Public Notification Efforts

Check all that apply: (Please select applicable values)

- ☒ Notice to interested Parties/Groups (Enter date in mm/dd/yyyy format) [02/18/2010]
- ☒ Published on Applicant's Website (Enter date in mm/dd/yyyy format) [02/18/2010]
- ☐ Published in Newspaper
- ☐ News Release Issued
- ☐ Public Meeting(s) Hearing(s) Held

B. Public Comments

1. Create a connection (trail) between the Corral Canyon OHV area, and the San Diego County Parks Lake Moreno, area. This would allow more campers and OHV enthusiast to travel to and from those areas, especially those with larger RV and hauler units. This would bring in more revenue for both the county parks, and federal parks.
2. Education: Post and/or give notice to the public for fun educational trail rides (treadlightly concept) create a team (volunteers/others) to meet and escort through the trails.
3. Safety: Designate a specific area for training riders. The area should be as close as possible to trails and not so rural to discourage new riders. Like near the Alpine District Office.
4. Education and Safety: Set-up a team of rangers to go out and do some public relations. Whether it is at schools, safety expos, or OHV shows/events (Westfield's malls, Dealer sponsored, etc.). The PR sessions are usually one day (couple ofhours) and should occur prior to, or during fire season, and OHV season.
5. Trail designation: Better public notice as to riding OHV's, on fire roads. I understand OHV riding is authorized on fire roads, as long as you stay on the road. List of specific areas including BLM areas in and near "Otay Lakes", and "Dulzura" areas.
6. These forest areas represent some of the closest forest OHV experience to millions of people in San Diego, Riverside, LA and Orange Counties. These grants should be funded as fully as possible to allow these recreation areas to be maintained for all of our use.
7. What is the process to request a grant to pave a section of road that accesses the Coral Canyon OHV Area? The road is dirt and generates dust.

C. Application Development as a result of Public Comments

- a. Were changes mades to the Application as a result of public comments? (Please select ☐ Yes ☒ No Yes or No)
- b. Describe how public comments affected the Application

Certifications

FOR OFFICE USE ONLY:

Version # _____

APP # 700535

1. Applicant Certifications

A. General Conditions

- A. The Applicant hereby certifies, under the penalty of perjury, compliance with the following terms and conditions: ☒
1. If the Project involves a Ground Disturbing Activity, the Applicant agrees to monitor the condition of soils and wildlife in the Project Area each year in order to determine whether the soil conservation standard adopted pursuant to Public Resource Code (PRC), Section 5090.35 and the HMP prepared pursuant to Section 5090.53(a) are being met.
 2. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the soil conservation standard adopted pursuant to PRC Section 5090.35 is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion, to repair and prevent accelerated erosion, until the same soil conservation standard adopted pursuant to PRC Section 5090.35 is met.
 3. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the HMP prepared pursuant to PRC Section 5090.53(a) is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion until the same HMP prepared pursuant to PRC Section 5090.53(a) is met.
 4. The Applicant agrees to enforce the registration of off-highway motor vehicles and the other provisions of Division 16.5 (commencing with Section 38000) of the Vehicle Code and to enforce the other applicable laws regarding the operation of off-highway motor vehicles.
 5. The Applicant agrees to cooperate with appropriate law enforcement entities to provide proper law enforcement at and around the Facility.
 6. The Applicant's Project is in accordance with local or federal plans and the strategic plan for OHV Recreation prepared by the OHMVR Division.

B. Programmatic Conditions

B. The Applicant must describe the following programmatic conditions:

1. Identify the potential for the facility to reduce illegal and unauthorized OHV Recreation activities in the surrounding areas:

The majority of residents in Los Angeles, Orange, Riverside, San Diego, and San Bernardino Counties can access OHV Areas in the Cleveland NF within an approximately 1 to 2 hour drive. When considering the five counties combined, one-half (1/2) of all registered OHVs in California are within approximately 2 hours of the Cleveland National Forest, totaling over 729,000 OHVs.

Corral Canyon / Bear Valley and Wildomar OHV areas provide legal OHV opportunities in close proximity to large urban populations. For many people these are their closest legal riding opportunities. If these areas were not open, illegal OHV use would be rampant on both public and private lands in the area. As it is, some illegal OHV activity is still occurring, but when confronted by law enforcement, the perpetrators are directed to our legal OHV opportunities.
2. Describe how the Applicant is meeting the operations and maintenance needs of any existing OHV Recreation Facility under its jurisdiction:

A mix of OHV grant trust fund resources and Forest Service resources are used to meet the operation and maintenance needs of the areas. Partnerships with local law enforcement agencies and user groups also support operation and maintenance activities. Grant funds are used assist in maintaining Corral Cyn./Bear Valley and Wildomar OHV areas. This includes 3 trailhead/staging areas, 3 campgrounds, potable water improvements, and restroom facilities. Grant funds help support operation and maintenance of facilities and minor work on trails. These funds also allow us to clean the toilets, clean the campgrounds and trailheads, reduce wildfire hazards, maintain potable water sources, maintain and paint the facilities and signs, remove the trash, and identify trails with appropriate signs. Grants further allow us to provide four portable toilets to aid in sanitation.

C. Fee Collection

Describe how fees collected pursuant to Section 38230 of the Vehicle Code (in-lieu funds) are utilized and whether the fees complement the Applicant's proposed Project:

D. Compliance with PRC 5090.50(b)(1)(C)

Projects within the O&M category that affect lands identified as inventoried roadless areas by the U.S. Forest Service, are compliant with PRC 5090.50(b)(1)(C). (Please select Yes or No)

☒ Yes ☐ No

2. Governing Body Resolution

Certification - Non Profits / Education
